a. The application has been amended as follows:

In claim 17, line 9, change "upwardly" to --downwardly--.

In claim 18, line 8, change "upwardly" to --downwardly--.

The above changes are being made to correct an obvious error of reciting that the light is reflected upwardly by the reflecting member. As clearly shown in Fig. 2, the light is reflected downwardly by the reflecting member 50. See also claim 1, which recites in line 8 that the reflecting member reflects the light and heat downwardly.

1. The following is an examiner's statement of reasons for allowance: the claims are allowable because the prior art of record fails to disclose or teach the recited heat/light generating unit and reflecting member to downwardly reflect the heat and light to harvest the ice cubes from the conveyor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
